Amendments to SLFRS 3 Business Combinations

Paragraphs 42A and 64O are added.

Additional guidance for applying the acquisition method to particular types of business combinations

A business combination achieved in stages

...

- 42A When a party to a joint arrangement (as defined in SLFRS 11 *Joint Arrangements*) obtains control of a business that is a joint operation (as defined in SLFRS 11), and had rights to the assets and obligations for the liabilities relating to that joint operation immediately before the acquisition date, the transaction is a business combination achieved in stages. The acquirer shall therefore apply the requirements for a business combination achieved in stages, including remeasuring its previously held interest in the joint operation in the manner described in paragraph 42. In doing so, the acquirer shall remeasure its entire previously held interest in the joint operation.

The capitalisation rate shall be the weighted average of the borrowing costs applicable to ~~the all~~ borrowings of the entity that are outstanding during the period, ~~other than borrowings~~. However, an entity shall exclude from this calculation borrowing costs applicable to borrowings made specifically for the purpose of obtaining a qualifying asset until substantially all the activities necessary to prepare that asset for its intended use or sale are complete.
